GATORWELL OVERVIEW

GatorWell Health Promotion Services is staffed with professionally trained health educators and registered dietitians at the Student Health Care Center. We provide leadership in the multi-disciplinary efforts of the SHCC and campus community in health promotion and disease prevention. GatorWell implements a variety of outreach activities and has a regular presence on campus through advertising campaigns, the traveling Health Hut, and satellite centers at Jennings and Springs Residence Halls.

Programs are offered on a variety of health topics including:

- *Alcohol*
- *Body Image*
- *Nutrition*
- *Tobacco*
- *Sexual Health*
- *Stress & Time Management*
- *Weight Change*
- *Wellness*

INTERNSHIP DESCRIPTION

This comprehensive internship is designed to correspond with the responsibilities for entry-level health educators. The primary goals for interns are to demonstrate independent thinking, leadership, and self-sufficiency in delivering health education services. Interns will go through a 4 hour orientation, weekly staff meetings, and professional development sessions. You will have the opportunity to work with all of the staff to gain a well-rounded experience with different professional programs and topics.

The responsibilities and practical health education skills offered by this site include:

- *Coordination of Health Education Services*
- *Marketing and Material Development*
- *Needs Assessment & Survey Design*
- *Planning, Implementation, and Evaluation of Programs*
- *Public Speaking*
